Hello Prof. Schubert,

I hereby authorize you to use the layout and schematic of the DCDC converter revision 10 in any version created during the project work for publications and for teaching purposes.  
Furthermore, you may use the project work and the resulting measurements and graphics.

Yours sincerely  
Florian Schwankner

Hallo Mr. Schwankner,

may I offer your Eagle files DCDCbuck\_Rev10.02.06 on my internet homepage?

We are going to work with PCBs of your 10.02.06 design in the ESS practical training; so students will need the board files.

PS: The homepage is not protected:
